# INTERNATIONAL CONFERENCE

ON

# RICE BRAN OIL 2025

**10<sup>th</sup> -12<sup>th</sup> January 2025**

Dear Friends,

We are pleased to inform you that the 8th International Conference on Rice Bran Oil will be held on 10th-12th January 2025 in Bangladesh, at the Radisson Blu Water Garden Hotel, Dhaka, hosted by the Bangladesh Rice Bran Oil Mills Association and organized by International Association of Rice Bran Oil. With the theme of "Nutritional Gold: Exploring the benefits and uses of Rice Bran Oil", this conference will extensively deliberate the marketing of rice bran oil. Propagating the benefits and use of rice bran oil requires worldwide marketing of the virtue of this excellent oil hence the theme of this conference is aptly.

The major Rice Bran Oil producing countries China, India, Japan, Thailand, and Vietnam formed the International Association of Rice Bran Oil (IARBO) in 2013 and later joined by Pakistan and Bangladesh, with the objective to 1. Establish the International Scientific standard of RBO and value-added products of rice bran. 2. Promote and foster uniformity of commerce and trade among Asian countries in the fields of rice bran oil. 3. Encourage and promote improved communications between and among rice bran producers, industry groups, academic researchers, and local govt. 4. Enhance value addition in rice bran oil and enlarge its field of commercial applications. 5. Sponsor training programs to assist members in their technical work and development aimed to improve rice bran oil production and support nutrition research.

With these stated objectives in perspective, IARBO has earlier organized seven International Conference on Rice bran Oil: the first one in China, the second one in India at Mumbai, the third one in Japan, the fourth one in Thailand, the fifth one in Vietnam, the sixth one in China, and the last one in India at Hyderabad.

The 8th International Rice Bran Oil Conference will witness a gathering of over 250 delegates besides special invites from all the rice bran oil-producing countries for a closer interaction for promoting rice bran oil and its value-added products. This conference will also provide a unique opportunity for exhibitors to showcase their products and disseminate information on the latest technologies in rice bran oil and its value-added products developed by them.

This is an initial announcement, followed shortly by a detailed brochure, including a delegate registration form with detail information, the hotel accommodation form, which will be available on the IARBO & BRBOMA website.

We are looking forward to your participation in this conference.

**Abdul Aziz**  
President-BRBOMA

**Prokash Dutta**  
President- IARBO-Bangladesh
